

Note:

If you get this error:

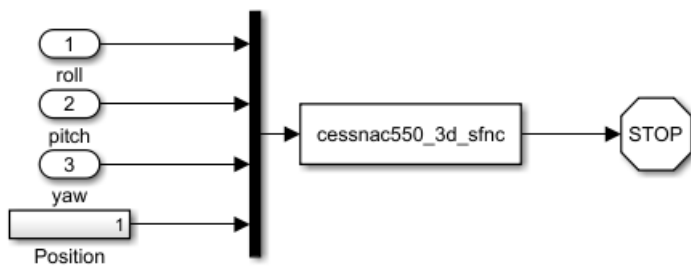

```
▼ Simulation 1 1 1
02:45 PM Elapsed: 1 sec

Warning: The DrawMode property will be removed in a future release. Use the SortMethod property instead.

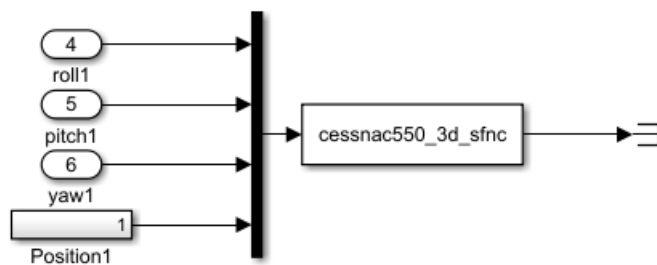

*****
Trim condition : citast.tri
Aircraft weight : 4500 kg
Altitude : 2000 m
Speed Vtas : 90 m/s
Gamma : -3 deg
Power Lever : 0.38576

An error occurred while running the simulation and the simulation was terminated
Caused by:
  • Output returned by S-function 'cessnac550_3d_sfnc' in 'Citation/3D Display/S-Function' during flag=3 call must be a real vector of length 1
Component: Simulink | Category: Block error
```

Then goto the 3D Display block and change:

Into

So replace the STOP block with a terminator block
